

VR

■ Extension duct

Pipe section with double-sided flanges and holes according to DIN 24155, p. 2. Made of hot-dip galvanised steel sheet for the

extension of the fan shaft.

For types with protruding motor, for installation in pipeline. Prevents power losses in case of free outlet.

STS

■ Flanged flexible connector

Flexible connector for installation between the fan and duct system. Prevents structure-borne noise transmission, bridges installation

tolerances. Elastic sleeve made of silicone-free PVC fabric (max. +80 °C). With galvanised angle flange rings on both sides, dimensions according to DIN 24155 p. 2.
