

60

A technical drawing of a square grille. The grille is shown in a perspective view, revealing its depth and the arrangement of five horizontal slats. The slats are slightly curved and are held in place by a frame. Two circular fasteners are visible on the right side of the frame. Dimension lines are used to specify the size: a diagonal dimension line at the top left indicates a depth of 60, and a horizontal dimension line at the bottom indicates a width of 490.
