

A technical drawing of a pipe. The drawing shows a horizontal pipe with two dimension lines. The first dimension line is on the left, with arrows pointing to the left and right ends of the pipe, and is labeled with the text $\phi 356$. The second dimension line is on the right, with arrows pointing to the right and left ends of the pipe, and is labeled with the text $\phi 321$ i.L. The pipe is represented by two parallel lines, with a dashed line indicating the centerline.

$\phi 356$

$\phi 321$ i.L.
